TEST BETWEEN WILSON AND FOES

More of a Partisan Alignment Over Ship Issue Manifest.

MANN UPHOLDS PRESIDENT

Heated Debate in House Shows Lining Up of Party Forces—Bryan Discusses Affairs in General With Fourteen Democratic Members at Dinner.

Washington, March 7.—On the eve of what friends of the administration have planned as the final fight to end agitation in the house over the question of armed merchant ships, debate on the subject broke out on the house floor and continued hotly for more than an hour.

When it was over there seemed to be more of a partisan alignment than at anytime since the issue arose.

Representative Mann of Illinois, the Republican leader, and Representative Lenroot of Wisconsin, Republican member of the rules committee, gave notice that they would oppose the rule under which it is proposed to table the McElmore warning resolution after ninety minutes of debate on the rule and four hours' discussion of the resolution itself.

Flood in Patriotic Plea.

On the other hand, Chairman Flood of the foreign affairs committee, who has been understood personally to favor a warning resolution, voiced an appeal to all patriotic congressmen to stand by the president.

There will be formidable opposition, both in and out of the party, however, and the influence of William Jennings Bryan is being taken into account as a big factor to be dealt with.

Fourteen representatives and two senators met at lunch with Mr. Bryan in the private dining room of a hotel near the Capitol and discussed affairs generally.

What transpired there remained a secret, except that Representative Bailey of Pennsylvania, who was the host, said no general agreement was reached on what action should be taken on the armed ship question. Representative Van Dyke of Minnesota was among those present.

Resolution on Calendar.

The first step toward getting the McElmore resolution before the house was taken by Representative Foss of Illinois, a Republican, at the request of the Democratic members of the rules committee. It is said. He asked that it be placed on the calendar, and it was done without debate.

But Mr. Gardner did not wait. The house was in the committee of the whole considering a homestead bill when he heard of the report, and obtaining time for a speech, he launched into a vigorous attack on the rules committee, declaring that its failure to report a straight warning resolution could be attributed only to partisanship and fear of the result of such a vote.

As Mr. Gardner finished speaking, a score of representatives, who have been nursing warning resolution speeches for days, sprang to their feet and pleaded with the leaders in charge of the homestead bill for a chance to talk. Representative Mann took the first opportunity on the Republican side to talk himself.

Mann Heartily Cheered.

The galleries seemed to fill by magic and representatives rushed in from cloakrooms. His opening words, declaring that Mr. Gardner spoke for no one but himself, were greeted with applause and thenceforth until the conclusion of his speech, which lasted about fifteen minutes, he frequently was interrupted by shouts of approval.

"I dare say," said Mr. Mann, "there are few members of the house who would say that the McElmore resolution, so called, expressed his sentiment or his position, and I undertake to say that a majority of the members of this house, if they expressed their opinion, are of the opinion that American citizens at this time ought not to complicate the situation by traveling in armed merchant vessels."

STREET CAR STRIKE SETTLED

Employees of Washington Companies to Resume Work.

Washington, March 7.—The street car strike, which for two days seriously crippled Washington's two traction lines, was ended after a mass meeting of 1,500 carmen had ratified an arbitration agreement between representatives of the 1,000 or more union strikers and officials of the companies.

That all employees of the two companies might attend the mass meeting, no cars were operated during the evening.

NEWTON D. BAKER.

Succeeds Garrison as Secretary of War.

Copyright by Frank Moore.

BAKER ACCEPTS POSITION

Former Cleveland Mayor Becomes Secretary of War.

Washington, March 7.—Newton D. Baker, former mayor of Cleveland, has been selected by President Wilson for secretary of war.

Mr. Baker has accepted the position and is now arranging his affairs in Cleveland preparatory to coming to Washington to take up his duties.

GERARD RIDICULES SECRET TREATY IDEA

London, March 7.—An Amsterdam dispatch says that the German newspapers publish an interview between James W. Gerard, American ambassador to Germany, and an Austrian journalist. The ambassador is reported as saying:

"I hope an understanding between Germany and the United States may yet be reached, but no change is expected in the situation until the German memorandum regarding armed merchantmen reaches Washington. It is foolish to credit the rumor that President Wilson has sanctioned a secret treaty between the United States and Great Britain. Any president who did such a thing would immediately be thrown out of office."

The correspondent adds it is believed in German naval circles that the new phase of the submarine warfare will not be started before the end of the crisis with America, although the government will not make that announcement, fearing a revolt in the pan-German press.

U. S. CONSULATE HIT BY RUSSIAN SHELLS

Washington, March 7.—The American consulate at Trebizond, a Turkish port on the Black sea, was struck by a shell during a bombardment by two Russian torpedo boats and a Persian subject was killed within twenty feet of the desk of Consul Oscar S. Helzer.

Another shell struck the residence of the vice consul adjoining.

Oregon Town in Danger.

San Francisco, March 7.—The town of Wedderburn, Ore., is reported in danger of sliding into the Rogue river and being carried out to sea on account of the heavy rains, according to a dispatch received here by the chamber of commerce.

The inhabitants were reported as fleeing from the town and taking refuge at Gold Beach and in the hills.

ASKS LIBERTY FOR IRELAND

New Organization Adopts Series of Resolutions.

New York, March 7.—Resolutions termed "an Irish declaration of independence," appealing for the recognition of Ireland as a nation by the powers of the world, and demanding that Americans be warned not to travel on ships carrying contraband, were adopted by the Friends of Irish Freedom, a national organization formed here as the outgrowth of a conference called to define the attitude which it is contended Irishmen in this country assume toward Great Britain.

PRESIDENT WINS HIS BIG FIGHT HOUSE VOTES TO SUSTAIN HIM

House Shows by Preliminary Vote that President Wilson Has Won a Crushing Victory in the Armed Merchantman Controversy—No Inquest Held Over Remains of Slain Priest on Account of Repeated Confessions of Woman Who Murdered Him—Yard Foreman for 35 Years at Albert Lea is Killed While Fixing Switch—Blood Shed at Primary.

Court Asked as to Whether Corrupt Practice Act Applies to Presidential Primary—Claimed German Leaders Have Caused the Mix-up in Congress—German Fleet said Preparing for a Dash Into the North Sea—Checked in North Drive Germans Batter From Northwest.

Life Sentence for Dynamiter—13 Killed in Sunday Night's Zeppelin Raid—300 Prisoners Taken at Fresnes, near Verdun, When City is Captured—Baker's Nomination as Secretary of War Sent to the Senate, and Baker Goes to Washington to Take Office.

PRESIDENT WINS TWO CRUSHING VICTORIES

(By United Press)

Washington, March 7.—President Wilson won two crushing preliminary victories in the house over the armed merchantmen question. The preliminary vote showed the house later will completely comply with the president's request to kill the McElmore resolution. The first vote of 256 to 160 decided to bar all amendments to the McElmore resolution. The second by a vote of 271 to 138 decided to bring the McElmore resolution up after a four hours' debate.

Three Votes are Before the House

(By United Press)

Washington, March 7.—Three votes are before the house. The first on adopting "previous question" and shutting off any amendment or resolution including the one on the merits of warning Americans off armed ships. If this is defeated any amendment is in order and can be voted upon. The second, adopting rules providing for four hours' debate and bringing the McElmore resolution up for consideration. If this is defeated the house will refuse the showdown vote asked. The third is on adopting a resolution to table or kill the McElmore resolution. If defeated the house will vote upon the McElmore resolution.

Claim German Leader Responsible for the Vote in Congress

(By United Press)

New York, March 7.—Again taking up the expose of the alleged pro-German propaganda, the Morning World publishers extended the copyrighted story with alleged copies of the letters from various sources alleging the Gore and McElmore resolutions in congress were backed by the national German-American alliance. They claim to have letters from German leaders reporting progress in lobbying for the Gore resolution, alleging among other things that the German propagandists conferred with Senator Clapp, of Minnesota.

CHECKED IN NORTH DRIVE GERMANS BATTERING AWAY

(By United Press)

London, March 7.—Checked again in his north drive on Verdun the crown prince is trying to break through the citadel's defenses by an attack from the northwest and has captured the village of Forges northwest of Verdun. The Germans are battering away at the French positions on Goose Hill with a heavy artillery fire. The latest Paris dispatches report the French batteries are replying energetically to this attack.

Baker's Nomination Goes to Senate

(By United Press)

Washington, March 7.—President Wilson sent Newton Baker's nomination as Secretary of War to the senate this morning.

His Policy is Peace Preparedness, Silence

(By United Press)

Cleveland, March 7.—Newton Baker, the newly appointed Secretary of War, will go to Washington tomorrow. Peace, preparedness and silence is his policy.

If a Pacifist Why not Anarchist

(By United Press)

Washington, March 7.—If a pacifist secretary of war, why not an anarchist secretary of state, the republicans say regarding the appointment of Newton Baker. They decline to oppose the confirmation.

Does it Come Under Corrupt Practice Act

(By United Press)

St. Paul, March 7.—Whether the corrupt practices act applies to the presidential preference primary is a subject of conference at the attorney general's office this afternoon.

Yard Foreman Ground to Bits

(By United Press)

Albert Lea, March 7.—Yard Foreman Holstad who had been here for 37 years in the employ of the Minneapolis & St. Louis road was ground to bits today under the wheels of an incoming train. Holstad was repairing a switch and did not see the moving train.

Life Sentence for Dynamiter

(By United Press)

Sandwich, Ont., March 7.—Charles Respa was sentenced to life imprisonment for dynamiting the Peabody Overall factory at Walkerville, and attempting to destroy the Windsor armories.

PRINCE MIRKO.

Claims Royal Title to Montenegro in Declaration to Austro-Hungary.

Photo by American Press Association.

This declaration was in reply to that issued by King Nicholas of Montenegro ordering the Montenegrins to continue the struggle. The prince and his adherents reiterate their assertions regarding an armistice for peace by which Montenegro was saved from final destruction.

SCHOOL CHILDREN CARRY CANTEENS

Chicago, March 7.—School children in the Hyde Park district started to school with bottles and canteens as the result of an effort of city health officials to stamp out typhoid fever in that section.

More than one hundred cases of typhoid, twenty-four of them among school children, have been reported in the last few days as a result of contamination of a municipal well. City water was shut off from public schools in the district and sixty men are clearing and draining pipes in the school buildings.

All theaters and places of public gatherings in Elmhurst will be closed because of scarlet fever in that community.

FEAR 400 ARE LOST ON SPANISH VESSEL

Rio Janeiro March 7.—It is feared here that 400 lives have been lost by the sinking of the Spanish steamship Principe de Asturias.

The steamer remained afloat only a short time after striking a shoal off San Sebastian, and there was little time for the escape of passengers and crew in the boats.

Steamers have gone out in search for additional survivors, 143 of the passengers and crew having been landed at Santos.

ARE FACING PRISON TERMS

Four Men Convicted of Robbing Chicago Bank.

Chicago, March 7.—The four New York gangsters, found guilty last Saturday of robbing the Washington Park National bank here of \$15,000 in a daylight holdup several weeks ago, are facing sentences which may range from one year to life imprisonment.

Under the Illinois statutes, because of the youth of the prisoners, the court has discretionary power to sentence the four either to the state reformatory in Pontiac or to the penitentiary in Joliet. It is expected, however, attorneys for the defense will file motions for a new trial.

The four awaiting sentence are Charles Kramer, Harry Kramer, Harry Fein and Alex Brodie.

IGNORES FAMILY—LEAVES \$2,000 TO BUY CLOCK.

Little Falls, Minn., March 7.—The terms of one of the most novel wills ever filed in Marquette county were complied with when a farm belonging to the Josiah Page estate was sold and \$2,000 paid to the county for a clock in the courthouse tower and \$700 to the city of Little Falls for the poor fund. The will specified that the county was to have not to exceed \$2,000 for the clock and the remainder was to go to the city for the care of the poor, although Page left a widow and two sons.

EIGHTEEN DEAD IN EL PASO BLAST

Prisoner Throws Lighted Match in Explosive Bath Solution.

MANY JAIL PRISONERS INJURED

Thirty-eight Victims Taken to Hospital—American is Blamed for Explosion—Rumor Causes Mexican to Retaliate for Assumed Wrong.

El Paso, Tex., March 7.—Charles Phelps, an American motorman, was shot and seriously wounded while running his car in Juarez tonight by a man wearing the uniform of a Mexican officer. The shooting followed a report circulated in Juarez that 200 Mexicans had been jailed and burned to death here.

El Paso, Tex., March 7.—Eighteen dead and a score more or less seriously injured was the toll of an explosion and fire at the city jail bath house here.

The name of one American is included in the list of dead and twelve are numbered among those seriously burned.

Surgeons believe the death list probably will reach twenty, as some of the injured would not live more than a few hours.

Liquid Explodes.

The blaze started by a flash of flame from a large tub of gasoline and kerosene solution used to destroy germ-carrying lice.

In their first reports officials attributed the origin to the deliberate action of one of the prisoners in throwing a lighted match in one of the containers.

H. M. Cross, an American who died of injuries, was named as the man who struck the match that caused the fire, in a statement made by H. G. Bagby, one of the trustees on guard. Cross was under arrest as a vagrant. His home is said to have been in Dayton, Ia.

Thirty-eight, it was said, had been taken to the county hospital. Dr. G. B. Calman, chief police surgeon, was slightly injured.

GRAND JURY INDICTS ORPET

University Student Charged With Murdering Marian Lambert.

Chicago, March 7.—Will H. Orpet, University of Wisconsin student, was indicted by a Lake county grand jury on a charge of murdering his former sweetheart, Marian Lambert.

The case probably will be called for trial next week, but a continuance on request of the defense is expected.

The grand jury heard twenty-five witnesses, for the most part the same persons who testified at the coroner's inquest.

It is charged that the tragedy was the culmination of a liaison, that it was precipitated by Orpet's transferring his affection to another woman, and that he provided a violent poison which the girl swallowed.

CONFIRM FRANCIS AND SHEA

Senators Approve Wilson Appointees to Ambassadorships.

Washington, March 7.—President Wilson's nomination of David R. Francis of Missouri to be ambassador to Russia was confirmed by the senate a few hours after it had been received from the White House.

At the same time Joseph H. Shea of Indiana was confirmed as ambassador to Chile.

Mr. Francis, who served as secretary of the interior under President Cleveland, will succeed George T. Mayre, who resigned.

The post of ambassador to Chile was made vacant by the resignation of Henry Prather Fletcher to become ambassador to Mexico.

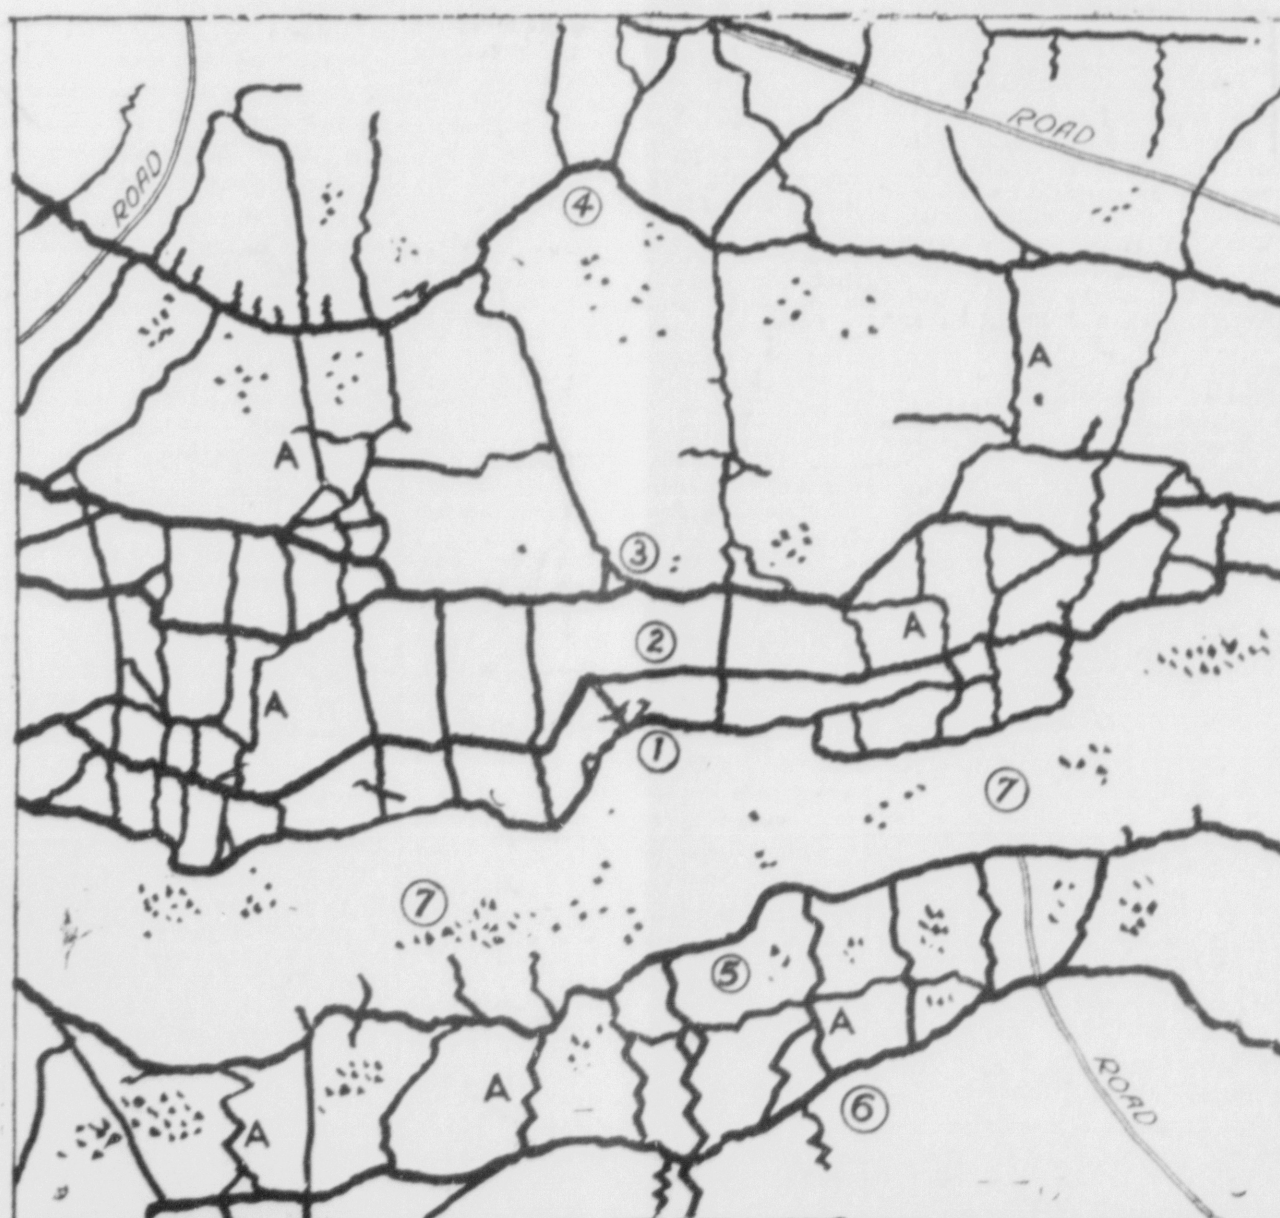

POTATO RULE IN EFFECT

Imports From Canada Will Be Inspected Only on Arrival.

Washington, March 7.—An order authorizing permits for the importation of potatoes from Canada, subject to new regulations which have been accepted by the Canadian government, was announced by the department of agriculture.

Canada having agreed all potatoes offered for export to the United States must be free from injurious diseases and insect pests, imports from that country will be inspected from the requirements of inspection and certification before shipment. They will be subject to the usual inspection on arrival.

Copy of a Photograph of Trenches in the Champagne District

(From Photo Copyright Medem Photo Service.)

(1) German First Line Trenches (7) Space Between First Line Trenches
(5) French First Line Trenches (A) German and French Approach Trenches

This drawing was made from a remarkable photograph of the German and French trenches in the Champagne district taken by a French officer from an aeroplane.

A striking fact shown by the photograph is that the trenches are built with many curves and angles to prevent the enemy shooting down them in case of capture.

DESERTER IS REARRESTED

Mike Connor in the Toils of the Law Again, Attorney W. W. Barron Defending Client

W. W. Barron, formerly of Brainerd and now located in Grand Rapids, where he is practicing law, is attorney for Mike Connor, who has been arrested various times by immigration authorities. Mr. Barron contends that the real aim is to turn Connor over to the Canadian army from which he deserted. The Duluth Herald story follows:

Mike Connor, deserted from the Canadian army, who was released from the custody of immigration officials on Feb. 14 last under habeas corpus proceedings, has been rearrested by the federal authorities. W. W. Barron, Grand Rapids, Connor's attorney, who has appeared for his client in no less than three habeas corpus proceedings, is hot on the trail of the officers.

Last evening Attorney Barron located Judge Essler, and the latter signed an order requiring the Minneapolis immigration inspectors who arrested Connor yesterday noon at Grand Rapids to appear and produce Mike Connor in his court next Saturday morning and show cause why they should not be punished for contempt of court.

Attorney Barron takes the position that they were in contempt when they rearrested Connor in defiance of the court's order, and that the old warrant was no good.

The immigration authorities are endeavoring to deport Connor to Canada. He is charged with being unlawfully in the United States, having gained admission to the country without first having passed inspection.

Attorney Barron, however, contends that the real aim is to turn Connor over to the Canadian army, from which he deserted.

Sherbrook, N. D., March 7.—John Baldwin has installed a wireless apparatus in his farm home. Each night he invites his farmer friends over, and they get the day's news by wireless from Bismarck.

BRAINERD'S ODDEST STORY OF TODAY

Tired after a hard day's work, A. P. Drogseth, assistant cashier of the First National bank, indulged in a luxurious yawn at his home and when he tried to close his mouth, found his jaws locked.

He frantically gave several distress signals to his brother-in-law, "Dutch" Lyons and tried to unlock them, but without success.

Dr. P. L. Berge was summoned and he worked an hour before he got the right combination. The pain was so intense that Mr. Drogseth was unable to work today.

ASH WEDNESDAY TOMORROW

The First Day of Lent, and the Following Regulations for the Lenten Season are Applicable

Regulations for Lent in Catholic dioceses include the following: All days of Lent except Sundays are days of fast and abstinence.

All those under 21 years of age and over 60 are obliged to abstinence, and those over 21 and under 60 to both fast and abstinence, under pain of mortal sin.

All who are obliged to fast are allowed:

1. A cup of coffee, tea or chocolate with a small slice of bread in the morning.
2. A full meal at noon or toward the middle of the day.
3. The fourth part of an ordinary meal at supper time.

All who are obliged to abstinence are allowed flesh meat at all meals, and those obliged to fast, at the principal meal on Mondays, Tuesdays, Thursdays and Saturdays (except the Saturday of Ember week and Holy Saturday.)

Manual laborers may use flesh meat at all meals, and their families at the principal meal, on all days of Lent, except Ash Wednesday and the Wednesday and Saturday of Holy week.

The use of both fish and flesh meat at the same meal is forbidden on all days during Lent, even on Sundays.

Those excused from fast or abstinence are obliged to some other form of self denial, abstinence from strong drink being especially recommended by the Holy Father.

Good Catholics, during Lent will abstain also from all public and noisy amusements, such as dancing, card parties, visiting theatres and picture shows.

In all cases of doubt, one's pastor or confessor should be consulted.

The devotions of the Way of the Cross will be held in all churches on the Friday evening of Lent.

No Prospects of Peace.

Washington, March 7.—Colonel E. M. House, who returned from Europe, is understood to have told President Wilson that he found no more prospects of peace during his recent visit to the capitals of belligerent nations than he did on his visit last spring.

The president and Colonel House talked so long that the president was forty minutes late leaving his first engagement at the executive offices, an unusual occurrence for him.

In No Hurry.

Henrietta—How long was Emma married to Archie?

Pauline—Only about a year.

"Do you think she will remarry him?"

"Not soon. She told me she didn't know him well enough to marry him a second time."—Judge.

DO NOT CARRY YOUR MONEY WITH YOU

You can't spend what you do not have. Money in the pocket burns. It is easy to say "no" to some alluring window or appealing advertisement when you have no money with you, but when the purse is full, how hard to turn away! You can't go if you haven't the price of a ticket; but how much better to stay at home when you have ticket with you! To carry money around and be able to say "no" to the many opportunities that appeal to you to spend is to develop character, resisting power, reserve and strength. It means that you know yourself and can conquer yourself. But until you are strong enough to say "no" and stick to it, you had better let the bank do the resisting for you, for this is what banks are for. You can't spend money while it is in a bank.

WOMAN'S REALM

HIS MAJESTY, THE BABY KING

Duluth Baby Show to Devote Considerable Attention to Scoring Them. Doctors Attending

MANY WILL BE ENTERED

All Must be Registered. Examined by Nurse to See if They are Perfectly Healthy

His Royal Majesty, the Baby, will hold undisputed sway in Brainerd during "Baby Welfare" week. Duluth's baby show offers many pointers to Brainerd committees.

The Duluth baby show will pay particular attention to scoring. Doctors began work Monday afternoon at 2 o'clock with Dr. F. A. Grawn and Dr. C. E. Prudden in attendance and with nurses to assist. The scoring cards are those furnished through the American Medical association. They will be sent back to the headquarters of the Medical association to be filed as a part of their general data. The scoring will be continued each afternoon at the same hours until the list is completed.

Based on the results, a first prize will be awarded, which will be indicated by a certificate to that effect accompanied by a \$10 gold piece; a second prize with a \$5 gold piece, and a third prize carrying \$2.50 in gold. These prizes will be awarded without any regard to age, sex, color or nationality, and solely on the number of points earned. All babies from 5 months up to 5 years are eligible to enter.

On entering the Masonic temple the babies will be registered, says the Duluth Herald, examined by a nurse to prevent the admission of any afflicted with disease, and the parent will be furnished with a separate paper bag in which the infant's clothing will be kept until wanted, and the infant will wait its turn. This course of examination and scoring will be continued throughout the afternoons of the week, but it is expected that all will be completed on Thursday, if not, however, Friday will be kept open.

Many organizations of Duluth have combined to make it an interesting week. Programs of lectures and concert numbers, etc., will be given.

At Brainerd this afternoon the executive committee met at 4:30 o'clock to report progress on the program and arrangements.

LENTEN SERVICES

At St. Paul's Episcopal Church on Ash Wednesday, March 8th

Special Lenten services will be held at St. Paul's church on Ash Wednesday, March 8th, at 10 a. m., and there will be holy communion. At 3:30 p. m. penitential office and a brief address on the subject, "What is Lent?" A hearty welcome is extended to all to attend the services. It is the duty of all church people if possible to be present. The weekly Lenten services begin Thursday, March 16 at 7:30 p. m. The rector, Rev. H. G. Stacey, will give a series of sermons on "The Secrets of Strength in the Christian Life."

Missionary Committee Meets

The Church Missionary committee of the Presbyterian church, will meet this evening at the manse to arrange for the every-member canvass that is planned to be held March 19.

SYMPHONY TONIGHT

Orchestra of 35 Pieces to Play. Donna Ribblet Flaaten, Soloist, Has Arrived

The future of the Brainerd Symphony and its continued activities depends to a great extent upon the attendance tonight. The expense for tonight's concert exceeds \$165. One can realize that this burden must be borne not by one man, but must be an expense carried by everyone interested in the welfare of the community.

What other town can boast of an orchestra of 35 pieces outside of Minneapolis and Duluth? Donna Ribblet Flaaten arrived last night and it is said she will appear with her voice in beautiful form, clear and vibrant as a bell and unaffected by her traveling in winter weather.

It is estimated that 1200 children will hear the concert this afternoon free of charge, being invited guests of the orchestra. A flashlight will be taken and published in the city dailies, letting the outside world know where Brainerd stands musically.

Doucette-Rochelleau

Little Falls Transcript—The marriage of Miss Sadie Rochelleau of Little Falls and Irving Doucette of Crow Wing took place at 9 o'clock Monday morning at St. Francis Xavier church, Rev. Arthur Lamothe performing the ceremony. The bride is the daughter of Mr. and Mrs. Delphise Rochelleau, 304 Second street northeast.

The bride was attended by her cousin, Miss Diana Cormier, and the groom by his brother, Edward Doucette. Miss Cecelia Gannon played Lohengrin's wedding march and furnished music during the ceremony.

A wedding breakfast was served at the home of the bride's parents and the wedding party left this afternoon for the home of the groom's parents in Belle Prairie, where a dance will be held this evening. The decorations at the home were in yellow and white, with streamers suspended from the ceiling.

The bride wore a sand colored suit with hat to match and carried a bouquet of bride's roses and the bridesmaid wore a suit of blue poplin with hat to match. She carried pink carnations.

Mr. and Mrs. Doucette will live on the former's farm near Crow Wing.

The out-of-town guests were Mr. and Mrs. Delore Bellefeuille of Caloway and Mr. and Mrs. Sam Doucette of Cloquet.

Heagy-Coffield

A pretty wedding was solemnized Tuesday morning at the home of Mr. and Mrs. G. E. Lammon when Miss Hazel Heagy, of Platte Lake, was united in marriage to Chester Coffield, of Saskatchewan, Canada, Rev. R. E. Cody officiating. Mrs. Lammon is a cousin of the charming bride.

The bride was attired in a navy blue traveling gown and wore a hat to match. She was attended by her sister, Miss Nellie Heagy, gowned in white. The best man was Clayton Dykeman, of Dykeman.

After the ceremony a bountiful wedding breakfast was served. The bride is the daughter of Mr. and Mrs. J. W. Heagy and is an accomplished and pretty girl. Guests included friends and relatives.

The happy couple left on the afternoon train for a short wedding trip to the Twin Cities and then will go to Canada where the groom has a large farm in Saskatchewan. The Dispatch joins their many friends in wishing them unbounded happiness and prosperity.

First Congregational Aid

The First Congregational Aid society will meet Wednesday afternoon at the home of Mrs. Howard Kitchen, 614 North Fifth street, being entertained by Mrs. E. J. Cook and Mrs. Kitchen.

"Mock Wedding"

Tonight occurs the wedding of Miss Noyes Olderin-the-dickens and Mr. Nogood Simp at the Degree of Honor hall at 8:30 o'clock. All members of the Degree of Honor and lady friends are cordially invited.

Baptist Aid

The Ladies' Aid of the First Baptist church will meet Wednesday afternoon with Mrs. John Vanderwerker, 713 N. Ninth street. A large attendance is desired.

How She Liked Him.

"Well, Maggie, you're a year married. How do you like your husband?" "Sober, mum."—Houston Post.

VIEWING REMAINS

Body of Mrs. Hilmer A. Wilson on Wednesday Will be at Church 12 to 2:30 P. M.

The remains of Mrs. Hilmer A. Wilson are at present at the chapel of D. E. Whitney, 720 Front street, where they may be viewed this afternoon and Wednesday morning.

From Wednesday noon until 2:30 o'clock the body will be at the First Presbyterian church and may be viewed there between those hours. The church funeral services commence at 2:30 o'clock, Rev. W. J. Lowrie officiating.

LEAP YEAR DANCE

Bachelor Maids Social Function Attended by Over 55 Couples. Ladies in Complete Charge

The Bachelor Maids Leap Year party in Knights of Columbus hall Monday evening was well attended, over 55 couples being present. A four-piece orchestra played.

The ladies availed themselves of all their Leap Year privileges. They supplied the carriages and autos and escorted the gentlemen. The music was splendid and the evening was one of rare enjoyment to all.

Caughey-Rardin

Yesterday at noon occurred the wedding of Miss Flora M. Caughey of the town of Daggett Brook, to Samuel A. Rardin of Flak. The ceremony was celebrated at the home of the bride's mother, Mrs. F. P. Caughey, Rev. W. J. Lowrie officiating.

The bride has been a teacher for a number of years and has a wide circle of friends and acquaintances throughout the county. The groom is the son of George Rardin of Gull lake, and has lived many years in Crow Wing county. He is a farmer and is renting the O'Brien farm near Flak.

The bride was attired in white and carried flowers. Her bridesmaid was her sister, Alma Caughey, and the best man was Preston Caughey. After the wedding a dinner was served to all the guests. The young people are expecting to go to housekeeping at once.

The guests were members and relatives of the two families and were as follows: Mr. and Mrs. Ole Anderson, George Rardin, Leonard Rardin, Mr. and Mrs. Winfred Rardin, Charley Van Sickle, Mr. and Mrs. Wolhart, Mr. and Mrs. Bert Thompson and Martha Hohensee.

Suffrage Carnival Ball in New York Tonight

(By United Press)

New York, March 7.—Ten thousand dancers will glide and whirl to the tune of votes for women at the suffrage carnival ball in Madison Square Garden tonight. Society with a brilliant capital \$ will adorn the boxes and fill the floor. There will be a perfect storm of gowns and gables with a smattering of mere males in somber fish and soup suits. Two hundred coy maidens will skitter about taking masculine attention with giggles and gaudy gabardines and masculine money with useless programs. A band will blare and lights will glare and millions of dollars worth of jagged jewels will twinkle, twinkle gayly. Women who like the life will discuss their suffrage and men who don't will curse their sufferings. Hundreds of perfectly good digestions will be ruined with punch and lunch and in the words of the cop at the door, "it'll be 'some jambouree for the suffs.'" All for the paltry pittance of sixty copper cents per admittance. Mrs. John Blair headed the arrangements committee and much of the elaborate preparatory work was done by Francis W. Crowninshield, editor of a well known fashion magazine.

SCHOOL OF METHODS

Will Holds its First Session in Presbyterian Church Wednesday Evening

The Christian workers school of methods will have its first session tomorrow evening in the Presbyterian church at 7:45 o'clock. The session on Thursday will be held in the same church. The chorus choir will sing assisted by several violins from the Sunday school orchestra.

A cordial invitation is given to all to attend this first evening and find out the nature of the work that will be taken up during the four days of the school. A chance will be given to the people for the selection of subjects to be discussed.

Reports from other cities where this school has been held are exceedingly favorable to its methods and profit.

Waiting for German Navy to Come Out

BY WILBUR S. FORREST
(United States Staff Correspondent.)

With the British Battle Cruiser Squadron, Somewhere in the North Sea, Feb. 18 (By Mail)—Standing placidly at anchor, but in formidable battle array, the British navy's "fighting veterans" of the battles of Heligoland Bight and Doggerbank were still waiting for the Germans to come out today.

Great, long, grey warships, their engines ready to turn the propellers; lithe greyhoundish scout cruisers and swarms of diminutive black destroyers and torpedo-boats, all fully manned and ready for action, appeared anxious and willing to be off in chase of battle.

By courtesy of the British admiral I was able to see at close range the real reason why there has been no naval warfare in the North Sea since January 24, 1915, when the German Blucher was sunk and the Derrlinger, Moltke and Selditz were forced to run to cover in the German minefields. Since that time the German fleet has remained at home.

Preparedness personified in ships and men, the British squadron is ready to remain thus for years, if necessary, according to the officers and men with whom I talked.

Well ahead in the battle line is the Tiger, 700 feet of the same fighting cat that showed her teeth to the Blucher in the Doggerbank action. A dented armor plate just above the waterline, mark of a final shot from the Blucher, is a lasting memento still carried by the Tiger. The shell was from one of the Teuton's 11 inch guns, the Tiger's officers declare. It failed to penetrate the nine inch belt of Krupp armor while the Tiger's 13 1-2 inch guns were perforating the equalled "krupp-armored" German battle cruiser.

Berlin still believes the Tiger was sunk in this action. A possible forecast of future German naval warfare in the North Sea and an explanation of why the German belief is firm that the Tiger went down was given by one of the Tiger's officers. When the Blucher turned her massive hull to view, a Zeppelin appeared 10,000 feet above and dropped bombs in the vicinity of the boats of the British fleet busy picking up the Blucher's survivors.

Observers on the air ship saw the Blucher's death struggle and assumed that it was the Tiger. The word was carried back to Berlin and officially announced to the world before Germany saw fit to announce that the Blucher was sunk. It was the same old Tiger, however which the writer inspected from stem to stern today; and seeing is believing.

Not far astern the Tiger stood the other member of the Battle Squadron's cat family. It was the Lion, bristling with guns, big and small, primed and ready for any emergency. Nearby lay the New Zealand, a gift to the navy from New Zealanders in 1910 and which made a record trip around the world just before the war. The Princess Royal, 700 trim feet of fighting ship, also was nearby, keeping silent company with the other fleet units, the identities of which must remain admiralty secrets.

The Battle Cruiser Squadron is waiting for something out of the air which will set dozens of engines racing toward the open sea and cause hundreds of officers, gunners and stokers and thousands of seamen to jump to their battle stations. Less than ten minutes after the "prepare for action" comes from the flagship the leading scout cruisers will be tearing out to sea. Close behind, a few moments later, will come the speedy battle cruisers, primed for the long awaited but ever welcome action.

Every four days some of these lighter craft, scout cruisers and torpedo boats, amble seaward to take their patrol stations where the wireless ears can be nearer the German coast. It is these craft that will give the signal. Their diversion in the meantime is hunting the elusive submarine, many of which, it was learned today, have cruised their last in quest of the Battle Cruiser Squadron's haven. Heavy nets, set farther inland act as the Squadron's second line of defense against the submarines. Whether these nets have been effective for catching purposes is a question that goes courteously unanswered. This must remain a secret until after the war.

Despite the long wait for the Germans to emerge from Kiel or Heligoland there is no lack of morale, due to inactivity, among the personnel of the British fleet. The hundreds of seamen aboard the various units can turn their hand to muniton making at any hour of the day. Steel lathes in the hold of every cruiser are busy making small shells and parts of shells for the army.

Owing to the large demand for an Electric Starter on the Ford Car-- We have obtained the agency for the Genemotor, a starter made by the largest Electric Co. in the world (The Gen'l Elec. Co.) fully backed and guaranteed by them. We are now in position to quote the following prices on Ford car completely equipped with this starter F. O. B. Brainerd as follows:

5 Passenger Touring.....\$550
2 Passenger Roadster.....\$500

These starters can be installed on any Ford. Come in and see us, a demonstration will convince you.

WOODHEAD MOTOR CO.

The Largest Distributors of Automobiles in Northwest Minnesota
Successors To Auto Sales Co.

is a battery of sewing machines and a supply of heavy canvases. Tens of thousands of articles, useful to soldier or sailor, are turned out weekly in this part of the North Sea. The work is voluntary. Each week, small patrol boats slip up to the cruisers and take aboard the munitions which are shipped by rail to various army depots.

A portion of the crew, officers first, see the movies on board every night. Charlie Chaplin performs his antics for every member of the Battle Cruiser Squadron from Admiral Blank down to the smallest mess boy.

Periodically the great rafts, incidentally of American manufacture, which hang on the superstructure of all the squadron's units are launched for competitive raft races by picked men of the crews. There are many other smaller diversions that keep the British jack-tar from worry about his watchful waiting.

Among the ships visited today, not once was the question asked "When are the Germans going to come out?" Officers and men, alike, apparently are content to wait. There are no melancholy faces anywhere in this part of the North Sea.

Twice as Much Canadian Grain in Storage This Year

(By United Press)

Winnipeg, Man., March 7.—Two and a half times as much grain is stored in western Canada elevators today as was tied up one year ago. Railroad congestion is blamed. Sudden releasing of the vast crop stored would revolutionize cash prices, it is admitted.

Estimates today showed 53,685,588 bushels of grain stored in Western Canada now, as compared with 25,213,891 bushels a year ago. Of this grain now on hand, 42,808,553 bushels is wheat as compared with 18,263,476 bushels of wheat stored a year ago.

Theodore Roosevelt's administration's move in the states for Canadian reciprocity was considered today to have been finally defeated in the Manitoba legislature. The agitation was for the abolition of grain duties for exports into the states. J. G. Turfitt's contention being that such a move would raise grain prices for the farmer. Sir Thomas White opposed the move on the ground that higher prices agitation is illusory and temporary and that the change was undesirable from a standpoint

One Year, strictly in advance.....\$4.00

Office in Dispatch Building on 6th St.

Entered at the post office at Brainerd, Minn., as second class matter

TUESDAY, MARCH 7, 1916.

The St. Cloud Times says that the democrats who voted against the president on the "warning" matter are neither good democrats nor good Americans.

The will of a Morrison county farmer ignores his family and leaves \$2,000 to the city of Little Falls with which to buy a clock for the courthouse, and \$700 for the poor of that city.

Tipping has been decided as a legal method of inducing waiters at fashionable hotels and restaurants to wait on you after you have paid an exorbitant price for the food consumed.

Dr. J. A. DuBoise, of Sauk Centre, who has been near death's door for some days, is reported as slightly improved and hopes are entertained for his recovery. Dr. DuBoise is one of the best known men in politics and the business world in this section of the state and his friends are glad to know he is on the road to recovery.

Prospects for peace are remote according to the president's personal envoy who has just returned from Europe. Col. House says there is no more sentiment for ending the war than there was a year ago. It is apparently a fight to a finish, with each warring nation looking for an opportunity to give the other fellow the knock out blow.

The war on campaign contributions and the counter charge of illegal campaign expenses has ended in a draw, the state auditor withdrawing his charge regarding the republican state central committee overstepping the bounds of the law, and the treasurer of the committee making it plain that Mr. Preus did not promise to pay them \$500, but that friends of his had agreed to contribute that amount.

The method adopted by offering \$200 to the township getting out the largest percentage of the vote it cast in 1914, seems to be the "oddest story of the campaign," and already there are suggestions, mostly from democratic sources, that Mr. Cummins' managers are answerable to the corrupt practice act. As the totals will include the votes cast for all candidates on all tickets this point has probably been evaded. The money must be spent on good roads in the successful township and the town clerk and auditor of the county must verify a statement of the vote which with a claim in writing must be sent to the secretary of state not later than March 31. Your township—why not.

ELECTION OF DELEGATES

Minnesota electors will have their first experiment with a presidential primary election on Tuesday, March 14th, and unless some study is given to the ballot there will be more or less confusion, as the Minnesota primary election law is not the most clear in the long list of laws that grace the statute books.

On the republican ticket there are three names of candidates for president, Albert B. Cummins, Henry D. Estabrook and Wm. Grant Webster. Cummins is well known as the progressive republican United States senator of Iowa, and who has been prominent for years in affairs of his state and of the nation, and before his election to the United States senate had served three terms as governor of his state. Cummins will easily carry the Minnesota elections as the choice of the three men whose names are upon the ballot, Estabrook and Webster being practically unknown quantities.

Unquestionably today the real choice of the republicans of Minnesota is Supreme Justice Hughes, but under the primary election law as it now stands delegates to the national convention must select their preference or choice of candidates for the presidency from those who signify their willingness to allow their names to go on the ballot as such candidates at the time they file as delegate candidates, either district or at large. Thus a man who desires to become one of the republican party delegates from Minnesota must file either as a Cummins, Estabrook or Webster delegate, and as such he must come before the voters for election, and though the great majority of the party would prefer some other man as their standard bearer, they must cast their ballot for the delegate who is enlisted under another banner, selecting as such a man one who will carry out their wishes after the formalities of voting for the presidential candidate under whose banner he is enlisted has been compiled with.

Minnesota may be for Hughes, and the leading daily press of the east so records the sentiment after having canvassed the proposition, but Justice Hughes refused to permit his name to go on the ballot in any state. Minnesota in particular, as a presidential candidate. That will not prevent the republican national convention from nominating Justice Hughes; however, if so disposed, and it is not within the range of reason to imagine that any man would refuse to accept the nomination of a united republican party for the highest position in the land, president of these great United States.

In the meantime Cummins delegates will vote for the man under whose banner they have enlisted until such time as he is nominated or until it is evident that he has no chance of being the party nominee, and Minnesota republicans should elect men as delegates who will voice the sentiment of the party when that time in the interesting program of the republican national convention arrives, men who will unite on some leader as a standard bearer around whom all factions of the party can rally and present a solid front at the coming presidential election.

In this connection we desire to call the attention of the republicans of the Sixth district to the candidacy of Judge C. A. Albright, of Brainerd, who has filed as a Cummins delegate and who comes before them on Tuesday of next week asking for their endorsement as one of the two delegates to be elected. Mr. Albright's candidacy has been well received by the press of the district and indications point to his election by a large vote, among the papers that have endorsed his candidacy being the Pine River Sentinel, Walker Pilot, Verndale Sun, Long Prairie Leader, Long Prairie Argus, Hill City News, Cass County Pioneer, Spooner Northern News, Deerwood Times, Pillager Herald, Hubbard County Journal, Akeley Herald-Review, Barrows News and the Tribune, Journal-Press and Dispatch of this city. The papers in all the towns and cities in the different counties in the Sixth district have given publicity to his candidacy.

Mr. Albright's election to the republican convention at Chicago means that he will go there as a Cummins delegate, that if Senator Cummins does not show the strength necessary to become the nominee of the party that he will then use his best endeavors in supporting a candidate who can unite all factions of the party and who will be a leader to success in the presidential election that takes place in November next. Mr. Albright's Brainerd and Crow Wing county friends are enthusiastic over his candidacy and are satisfied that he will represent the district in an efficient manner if elected.

There are three other candidates in the district, Charles Hayden, of Blackduck; Peter O. Snow, of Long Prairie and George E. Hanscomb, of

St. Cloud. All are good men, and the republicans from this section will mark their ballots naturally for Albright and make their other selection from the three remaining candidates.

On the list of delegates at large there are 14 names, four of which are to be elected, and among the names of those most prominently mentioned for public favor and from which the four will probably be selected are: F. C. Stevens of St. Paul, O. J. Larson of Duluth, Former Governor Eberhart of Mankato, A. A. D. Rahn of Minneapolis, Marcus Johnson, S. R. Van Sant and James Mahan.

LOGICAL SUCCESSOR

Charles G. Osterlund in his Deerwood Times:
C. B. Buckman, of Little Falls, the leading candidate for congress from this district knows Northern Minnesota better by far than any of the others aspiring to the office. He has lived here longer, he is one of the pioneers, he has seen the wilderness transformed into fine agricultural lands, he has seen many small villages grow into good towns, commercial centers, he has helped to build them, he has many interests in Northern Minnesota, knows its needs and understands its people. He is the logical successor to C. A. Lindbergh.

Outlines Kaiser's Alleged Plans Federation of States

(By United Press)

Paris, March 7.—The Kaiser plans to establish a powerful confederation of central and near eastern European states. He seeks to bring 87,000,000 Austrians, Hungarians, Serbians, Rumanians, Bulgarians, Montenegrins, Turks and Greeks under German domination.

This is the opinion of Prof. Masaryk, former Bohemian leader in the Austrian Reichsrath, who escaped from Austria at the beginning of the war and has spent his time since in France and England, the soul of the movement to restore Bohemia's independence. He discussed the situation recently with Premier Briand and was encouraged by the premier to persevere in his effort to free his country from Hapsburg rule.

The surest way to prevent realization of the Pan-German dream is to upset the Hapsburg dynasty, Prof. Masaryk says. Otherwise, he asserted, even after Germany has been beaten, she will still be capable of further harm. Her vulnerable point, as he views it, is Austria-Hungary.

The Hapsburg family, he urged upon Premier Briand, is Germany's slave and while it continues to reign, Austria will remain under German control. Not only is there no prospect that Austria-Hungary will turn against Germany, as some imagine, but pan-Germanism is gaining ground at Budapest as well as Vienna, the professor insists.

But if Austria-Hungary should be eliminated as a national entity, it has been suggested to the Bohemian leader, would not German necessarily add the Austrian Germans to her own citizens, thereby gaining strength by about 7,000,000 population?

Yes, of course, agreed the professor, but that would be better than at present, for now, with the Hapsburg's help, Berlin's rule extends indirectly over 51,000,000 Austro-Hungarian subjects.

Austria's destruction would not mean destruction of the nations of which Austria is composed, adds the professor, nor would the Hapsburg dynasty's overthrow necessarily mean that these nations could not constitute a federation, but if such a federation is to exist, it ought not to be under Germany's wing but under the wing of the allies.

TODAY'S ODDEST STORY

St. Paul, Minn., March 7.—The good wife now may attach to the front door a contrivance invented by A. F. Engst here, to automatically record the time at which the lock is opened. The record is made on a small tape. The tape also registers whether the key used to open the lock is the one usually used. This might help in tracing burglars, the inventors say, but tracing burglars is not the talking point that will be stressed in selling the invention. A direct appeal will be made to Minnesota women.

Cutting Expenses.

New Primary Keeps Poor Man Out of Politics

(By United Press)

Terre Haute, Ind., March 7.—Edward Holler was perhaps fatally wounded in an altercation resulting from a political discussion when guns flashed and blood was shed about the polls at the first state-wide primary election today.

Indianapolis, March 7.—Placing in operation today for the first time their new state-wide primary law, Indiana voters went to the polls to choose candidates for the democratic, republican and progressive parties.

Prior to the primary it became evident that the law is unpopular among the candidates. Several candidates who withdrew from the contest stated that the primary law necessitated elaborate and expensive campaigns for the nomination, which prohibited office seeking by the man of moderate means. Some of them have estimated that each of the New, Goodrich and Watson campaigns has been financed at not less than \$100,000 cost.

The second-choice voting clause of the law, designed to insure nominations at the primaries, has caused complicated ballots. It prevented the use of voting machines. It was estimated that from a week to ten days will be consumed in making the official count.

Estimates of the cost of the primary to the counties range from \$300,000 to \$700,000.

Because Woodrow Wilson and Thomas R. Marshall had no opposition for the preferential votes for president and vice president and Charles Warren Fairbanks was the unopposed candidate of the Hoosier republicans for president, chief interest centered in the choice of nominees for governor and United States senator. Three-cornered fights for the republican nomination for U. S. senator and governor have to those contests more rivalry and interest than Indiana republicans have experienced for a long time.

James Eli (Jim) Watson, former whip of the house in "Uncle Joe" Cannon's regime, stirred republican channels from Gary to Evansville and from Terre Haute to Fort Wayne in his campaign for the senatorship nomination. He approximated a house-to-house canvass of the state, speaking in drug stores and on corners in every town of any size.

Because of this campaign and his handshaking policy, Watson today may have a slight advantage over Harry S. New and Arthur Robinson. New entered the race late, after the element opposed to Cannon's whip decided he was making headway. Other candidates withdrew one by one, each announcing for New and trying to throw their strength to him.

While the New and Watson campaigns have been elaborate and expensive, Robinson comparatively a newcomer in politics, has relied almost entirely upon his personal efforts, announcing for "a new deal in politics" and state-wide prohibition. New and Robinson are from Marion county (Indianapolis).

Of slightly less interest was the race between James P. Goodrich, Warren T. McCray and Quincy A. Myers for the republican nomination for governor. Goodrich, national committeeman for Indiana possibly is the leading candidate. McCray, a successful stock raiser, was counting on a strong vote from the farmers. The only contest of state import-

- a DEFINITE Service
- that does 41 DEFINITE things
- does them REGULARLY
- over a period of SIX months
- without a dollar's charge

That is

Service

It is the ONLY Service in existence today that is designed to PROTECT your car and also teach you how to take care of it, by making 41 distinct and agreed upon inspections, oilings and adjustments, regularly on stated days for SIX months. It is not a promise—not a device that

sounds like service—not one of those offhand invitations to "drop in at any time"—but a DEFINITE Service that we INSIST on your getting—that insures 100% more pleasure in the use of your car, not to mention vastly decreased maintenance costs. Come in and let us prove it.

COUNCIL VOTES A BOND ISSUE

Ask That \$45,000 Be Issued For Purpose of Reconstructing a General Sewer in Brainerd

AMENDMENTS TO CHARTER

One Providing for Assessing Property for Street Intersections, One to Increase Tax Levy

The city council, in session Monday evening, adopted a resolution introduced by Alderman Benson and seconded by Alderman Betzold, all voting aye, that the bonds of the city of Brainerd to the amount of \$45,000 be issued for the purpose of reconstructing a general sewer in the city from Maple street to the Mississippi river, approximate along the route of the general sewer now established.

City Attorney D. A. Haggard submitted drafts for two proposed amendments to the city charter, one providing for the assessments against the abutting property of the cost of paving of street intersections and the other providing for the power of the city council to increase the tax levy to 13 mills on the dollar, and on motions duly carried, the city clerk was directed to submit such proposed amendments to the charter commission and to state that it was the sense of the city council that such amendments should be adopted and voted on at a special election to be called.

Ordinance No. 281 prohibiting screens and curtains in pool halls and drinking places, and providing punishment for violations of the law, was introduced and Alderman Haake and Peterson moved to give the ordinance its first reading, which carried.

Ordinance No. 282, providing for the licensing of public dance halls and providing punishments for violations of the law was introduced, and on motion of Aldermen Turcotte and Morrison it was laid on the table for future action.

It was the sense of the council that the judges who served at the last election should also serve at the presidential preference primary election on Tuesday, March 14 next, the clerk to notify such judges of their election.

On motion of Alderman Benson and Turcotte, Mayor R. A. Balse is to be advised of the existence of a species of gambling by minors with "punch boards" and to take measures for its suppression.

Chief of Police Henry Squires reported 9 arrests for February, 6 being for drunkenness, 1 for disorderly conduct, 1 for breach of the peace, 1 for assault and battery.

The report of City Clerk Mahlum for February 1916 was read accepted and ordered filed. It read:

Receipts	
Court fees	\$ 63.00
Court fines	52.50
Interest on daily bank balances	90.25

Reimbursement for judgment against V. N. Roderrick, ex city clerk	
Assignment fees	63.15

Bill of McGinn & Smith, \$3.05, and bill of D. M. Clark & Co. ordered referred to the purchasing committee. Moved and carried to adjourn.

HEAVY SNOWFALL

March Starting Out Like January With a Lot of Snow, Means Tons of Moisture

March is starting out with a big snow Sunday up to 6 o'clock in the evening yielded 1.5 inches and Monday up to 6 p. m. had supplied 5.5 inches. Today more snow is falling.

Trains are retarded and come into the station swathed in white. The Duluth midnight passenger was 45 minutes late last night.

PLAYING IN "PILL BOX"

Bemidji Basketball Team Wants the Deciding Game Played Where There's Lots of Room

The Bemidji Pioneer, writing up the game which Bemidji won from Brainerd, gives a column on its front page to the story. The article states that Bemidji's hopes for another Sixth district championship and a place at the state tournament at Carlton college at Northfield were boosted when Bemidji's quint scored against Brainerd 45 to 33.

"Aside from the very first few minutes of play, Brainerd never had a chance," says the sport writer of the Bemidji Pioneer. According to the Pioneer, Bemidji players out-jumped, out-played, out-ran Brainerd and not a reference is made to the play of any Brainerd player.

As each team has now won one game, a third contest will be necessary to decide the championship of the sixth district and a place at the state high school tournament.

Bemidji proposes, says the Pioneer, that the deciding game be played at either Duluth or St. Cloud, both cities having floors of regulation size, while Brainerd suggests playing the game at either Atkinson or Little Falls. However, it is believed that neither of the latter two places will likely be chosen as Bemidji is not willing to sacrifice its chances of playing the deciding game in a "pill box."

The contention of Bemidji players is no more than fair as they are champions of this district, says the Pioneer, and by a comparative score of the two teams this season Bemidji ought to have an edge on choosing the playing floor. Bemidji has made 72 points to 43 for Brainerd in the two games played this season. This matter will probably be settled between representatives of the two schools in a few days.

Bemidji basketball followers believe, says the Pioneer in conclusion, that if the deciding game is played on a neutral floor of regulation size that Bemidji will win by a decided score and also that if Bemidji goes to Carlton it will have an excellent chance of winning the state high school championship.

ST. CLOUD DEFEATED

Little Falls Wins From the Granite City 34 to 21 in Basketball Game Saturday

Although not playing quite up to their usual form on their home floor, the Little Falls high school basket tossers won easily from St. Cloud high Saturday night by a score of 34 to 21, says the Little Falls Transcript.

At the start it looked as though St. Cloud would have the better of the argument, but the Little Falls quint gradually picked up speed and the first period ended with St. Cloud only two points ahead. If Little Falls had improved all its opportunities in this period the balance would have been on the other side of the sheet, but they have difficulty in locating the basket.

In the second half, however, they speeded up and by the time they had got warmed up were dropping them in almost at will and had piled up a good lead. Levine led in basket shooting with five and Dobbins got four. Carlson of St. Cloud also netted four. Little Falls will go to Atkinson for the next game.

ARE GOOD FANS

N. E. and S. E. Brainerd Men Take Advertisements in Baseball Score Card

The merchants of Northeast and Southeast Brainerd want a good ball team and are willing to help pay for it. Among the list of merchants who have subscribed for space in the official score card are numbered several of the enterprising merchants of Northeast and Southeast Brainerd. The list of business men going on the list during the past three days are: Winner-Adams Co., Maurice LeMoine, C. W. Koering, Frank's Meat Market, Mattson's Dry Goods store, J. Stenberg, B. Kaatz & Son, Scandinavian Co-Op. Merc. Co., Henry I. Cohen, Brainerd Creamery Co.

The score card is fast nearing completion and the management wishes to thank the many business men and firms in Brainerd for their kind cooperation. It has been a pleasure to work on a project of this kind with so many ready and anxious to do their share towards keeping Brainerd in the front rank and independent baseball in the state.

Many fans have requested to know what has been done towards organizing the team, and Manager Cook wishes to announce that he has been in touch with several star players, a catcher, an infielder and a combination catcher and first baseman, and also has heard from "Fat" Bowman of last year's pitching staff.

All the material in Brainerd of any promise whatever will be looked over carefully and it is sincerely hoped that the city team can be made up from all home players, as was the case last year. An infielder and a catcher may move to Brainerd within two weeks and the acquisition of these two men, who are fine ball players, will assure Cook of a fine nucleus for a champion team.

COMPANY'S REPORT

GIBBONS-SMITH

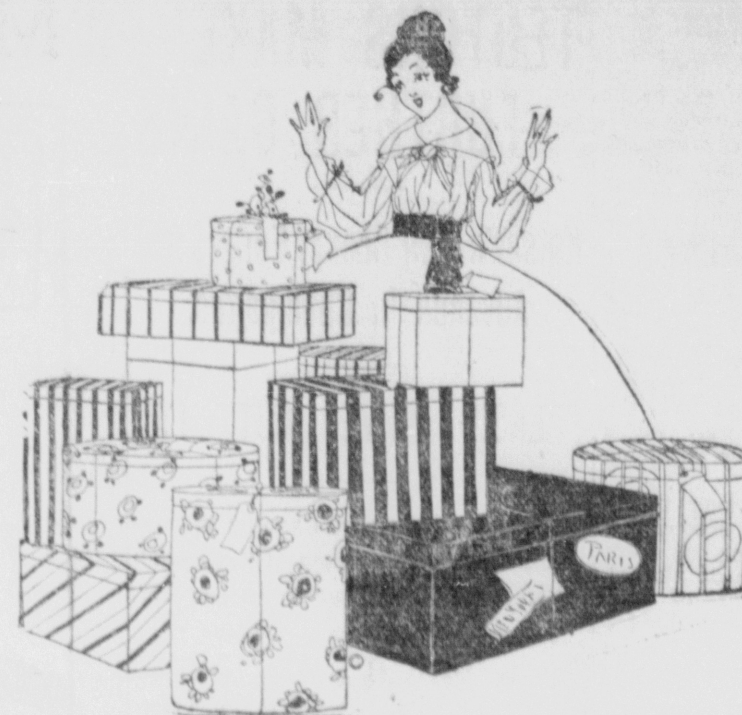

Matchmaker M. T. Caine Writes of the Coming Battle Between "Phantom" and Smith

On Friday evening, March 17th, in less than two weeks, St. Paul will be the scene of one of the greatest pugilistic events that has ever been offered. On that night Mike Gibbons, the wonderful St. Paul boxer known as the "Phantom," will meet Jeff Smith of New York, the only man in the world who has ever knocked out Darcy, the sensational Australian middleweight.

Anyone who has followed the boxing game during the past few years must know that the much discussed middleweight tangle will doubtless be straightened out. When Gibbons defeated Young Ahearn on Jan. 18th last, he disposed of one prominent contender for that title in short order, but in Jeff Smith he will meet one of the greatest boxers of the day. The record of this remarkable New Yorker bristles with victories over not only championship contenders but also over champions, and should he defeat Gibbons in St. Paul March 17th, he will be acclaimed the world's champion.

Dangers of Draft

Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result in Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuritic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c at your druggist. —Adv.

Our New Millinery is Here

Our new millinery is here and from now until the season closes we will be prepared to show you the very newest popular priced hats.

Miss Anna Pils of Minneapolis, a lady of a splendid millinery experience will have charge of our millinery department this season.

RIVERTON NEWS

Iron Workers Have Commenced Building an Addition to the Washing Plant of Company

Riverton, Minn., March 6.—Iron workers have commenced building an addition to the washing plant of the Pittsburgh Steel Ore Co. It is expected to complete it by May 1.

The dance at Williams restaurant was well attended.

A baby girl was born to Mr. and Mrs. S. S. Sparks.

Children of District No. 45 are now being carried to and from school by a new bus.

Miss Dorothy Betts, of Brainerd, was a guest of Mr. and Mrs. William McFarn Saturday and Sunday.

Mrs. Ted Boober, of Crosby, was the guest of friends in Riverton recently.

Mrs. Andrew Lindstrom and children left Sunday for a visit at Loerch and other places.

Mrs. William McGillery came from Crosby Thursday to care for Mrs. S. S. Sparks.

Little Hanley Lord is sick with pneumonia.

Orpha Johnson is among those who are sick.

Clifford Westcott of Hillcrest, was in town recently.

Miss Georgia Frazer, of Ironton, attended the dance Saturday evening.

Mrs. William McGillery and daughter Phyllis called on Riverton friends Monday.

Miss Vivian McFarn, of Brainerd, spent Sunday at home.

The Misses Olson spent the weekend at the Win Stearns home and also attended the dance at Williams' restaurant.

Mrs. Hasekamp of Iron Hub, called on her son, John, and daughter, Mrs. Arthur Johnson, Saturday.

Mrs. Reber has returned to Atkinson after a short visit here with her son-in-law and daughter, Mr. and Mrs. George Ridley.

Notice A. O. U. W.

All members are requested to be at the next regular meeting, Thursday evening, March 9, at Elks hall. Lunch will be served and a progressive "500" game is to be started.

23314 COMMITTEE.

TRY "CASCARETS" FOR LIVER AND BOWELS IF SICK OR BILIOUS

Tonight! Clean Your Bowels and Stop Headache, Colds, Sour Stomach

Get a 10 cent box tonight.

Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10 cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never scribe or sicken.—Adv.

CHIROPRACTIC VS GOITRE

SPINAL ADJUSTMENTS will relieve you of your GOITRE

Why undergo an operation? And even should it be a successful one, the balance of your life be reminded of it having been present by that awful red scar, which such operations always leave.

I relieve Goitre without the knife or drugs. No interference with your work. Come before the case has progressed too far. The sooner you begin taking adjustments, the earlier will be the day when you will be free from that unsightly Goitre. Consultation FREE.

Suits 4-5 Hayes I. C. Edwards, D. C. Hours All Time
Bldg., Brainerd
Chiropractic—Spinal Adjuster
Telephone N. W. 102

IF some of your friends haven't been lucky enough to discover W-B CUT Chewing—the long shred Real Tobacco Chew—give them the good news today.

Tell them to get a pouch and give it a quality test—to take a small chew—and that they don't need to take a wad as with the ordinary kind. Tell them also, to notice how the salt brings out the rich tobacco taste—how it satisfies.

Made by WEYMAN-BRUTON COMPANY, 50 Union Square, New York City

Colds Quickly Relieved

Many people cough and cough— from the beginning of fall right through to spring. Others get cold after cold. Take Dr. King's New Discovery and you will get almost immediate relief. It checks your cold, stops the racking, rasping, tissue-tearing cough, heals the inflammation, soothes the raw tubes. Easy to take, Antiseptic and Healing. Get a 50c bottle of Dr. King's New Discovery today. "It is certainly a great medicine and I keep a bottle of it continually on hand," writes W. C. Jessiman, Franconia, N. H. SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

CHEERFUL WOMEN

Despondency is a thing of evil origin and evil results. Worry produces nothing but wrinkles and wretchedness. Let the reader put up a little note on her bureau, on her desk, and at the head of her bed, just two words, non's worry. Worry is the greatest foe to the happiness of any household. An anxious, despondent face, a fretful, complaining voice, will make every one uncomfortable.

A woman's nerves are more truly the cause of worry than outside troubles. The nerves are of a woman's body the telegraph system, which surely warns her of any trouble in the feminine make-up.

Dr. Pierce, during a long period of practice, found that a prescription made with glycerine, entirely of roots and herbs, without the use of alcohol, cured over ninety per cent. of such cases. After using this remedy for many years in his private practice he put it up in a form that would make it easily procurable.

Women are earnestly advised to take it for irregular or painful periods, headache, displacement, catarrhal condition, hot flashes, salivary complexion and nervousness.

For girls about to enter womanhood, women about to become mothers, and for the changing days of middle age Dr. Pierce's Favorite Prescription should always be on hand. In liquid or tablets.

Write Dr. Pierce, Buffalo, N. Y., for free 136 page book on woman's diseases. Every woman should have one.

Dr. Pierce's Medical Adviser, cloth-bound, sent free to you on receipt of 3 dimes (or stamps) to pay the expense of mailing only. Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

If you are troubled with Indigestion, Constipation, Biliousness, Biliary Headaches, and a hundred and one ills which depend upon an inactive liver, use Dr. Pierce's Pleasant Pellets.—Adv.

WRONGDOING.

If society is to be further uplifted, if it is to be kept from slipping back, it must hold firmly to the right of saying that wrong is wrong, no matter who commits it or how guilty others may be. If there can be no responsibility and no condemnation till we get a perfect world there can be no way of holding the world up to the level which it has already reached.

TEUTONS MAKE FURTHER GAINS

Kaiser's Men Occupy Forges and Advance in Champagne.

FRENCH DRIVE OUT FOE

Russians Succeed in Landing on the Black Sea Coast, East of Trebizond Capturing Towns of Atina and Ma prava—800 Slain in Air Raid.

Paris, March 7.—Further advance by the Germans—in the Verdun region and in Champagne—are told of in the latest French official communication which, however, also records successes in repelling a German attempt to debouch further from a capture position and the driving of the Teutons out of a trench they had taken after the hammering with the French big guns of German organizations.

After having vigorously shelled the region between Bethincourt and the Meuse, the Germans, in a strong infantry attack, captured the village of Forges, about nine miles northwest of Verdun.

Not satisfied with the gains, they several times essayed to debouch from the village against Cote de 'Oie, but the French, in counter attacks, forced them back into the village and held them there.

In Champagne the right and left flanks of the French were attacked by the Germans in the region between Mont Tetu and Maisons de Champagne. At the former point the French fire kept the Germans in their trenches, but near Maisons de Champagne they succeeded in occupying a small section of a French trench.

French Recover Trenches.

In the Argonne the French blew up, near Courts Chausseus, a German post with a mine and captured a portion of the crater. Near Haute Chavauchee the Germans sprang two mines and later entered the French trenches at several points. Counter attacks, however, drove them out, and the French also occupied a portion of the mine crater.

Except for the infantry attacks at Forges, the guns on both sides in the Verdun region have been doing all the work. To the southwest of Metz, near Pont-a-Mousson, the French artillery had damaged German positions.

The Russians, under cover of the fire of their fleet, at least, have been able to make a landing on the Black sea coast to the east of Trebizond capturing the towns of Atina and Ma prava and driving off the Turks, who opposed them. Two officers and 280 men were taken prisoners and two guns and a quantity of munitions were captured.

Considerable fighting between the Russians and the Germans has taken place in northwest Russia, the Russian artillery smashing German trenches in the Raza sector and dispersing scouting parties in the vicinity of Friedrichstad.

Owing to the heavy rains and avalanches fighting has almost ceased on the Austro-Italian front.

Geneva, Switzerland, March 7.—Eight hundred Austrian soldiers in barracks were killed or wounded in the raid made by Italian aeroplanes Feb. 19 on the city of Laibach, according to information received here.

Two high officers of the staff of Archduke Eugene, commander-in-chief of the Austrian forces operating against Italy, are said to have been killed. One of the Italian aeroplanes was destroyed.

AUSTRIA HAS SMALL ENEMY

Considers Herself at War With San Marino Republic.

Rome, March 7.—Austria considers herself at war with the republic of San Marino, is the message conveyed by Frederick C. Penfield, American ambassador to Austria-Hungary, to the regent of the smallest state in the world, who had applied through him to have their citizens interned in Austria released. Austria justified her refusal with the statement San Marino has committed a serious breach of neutrality.

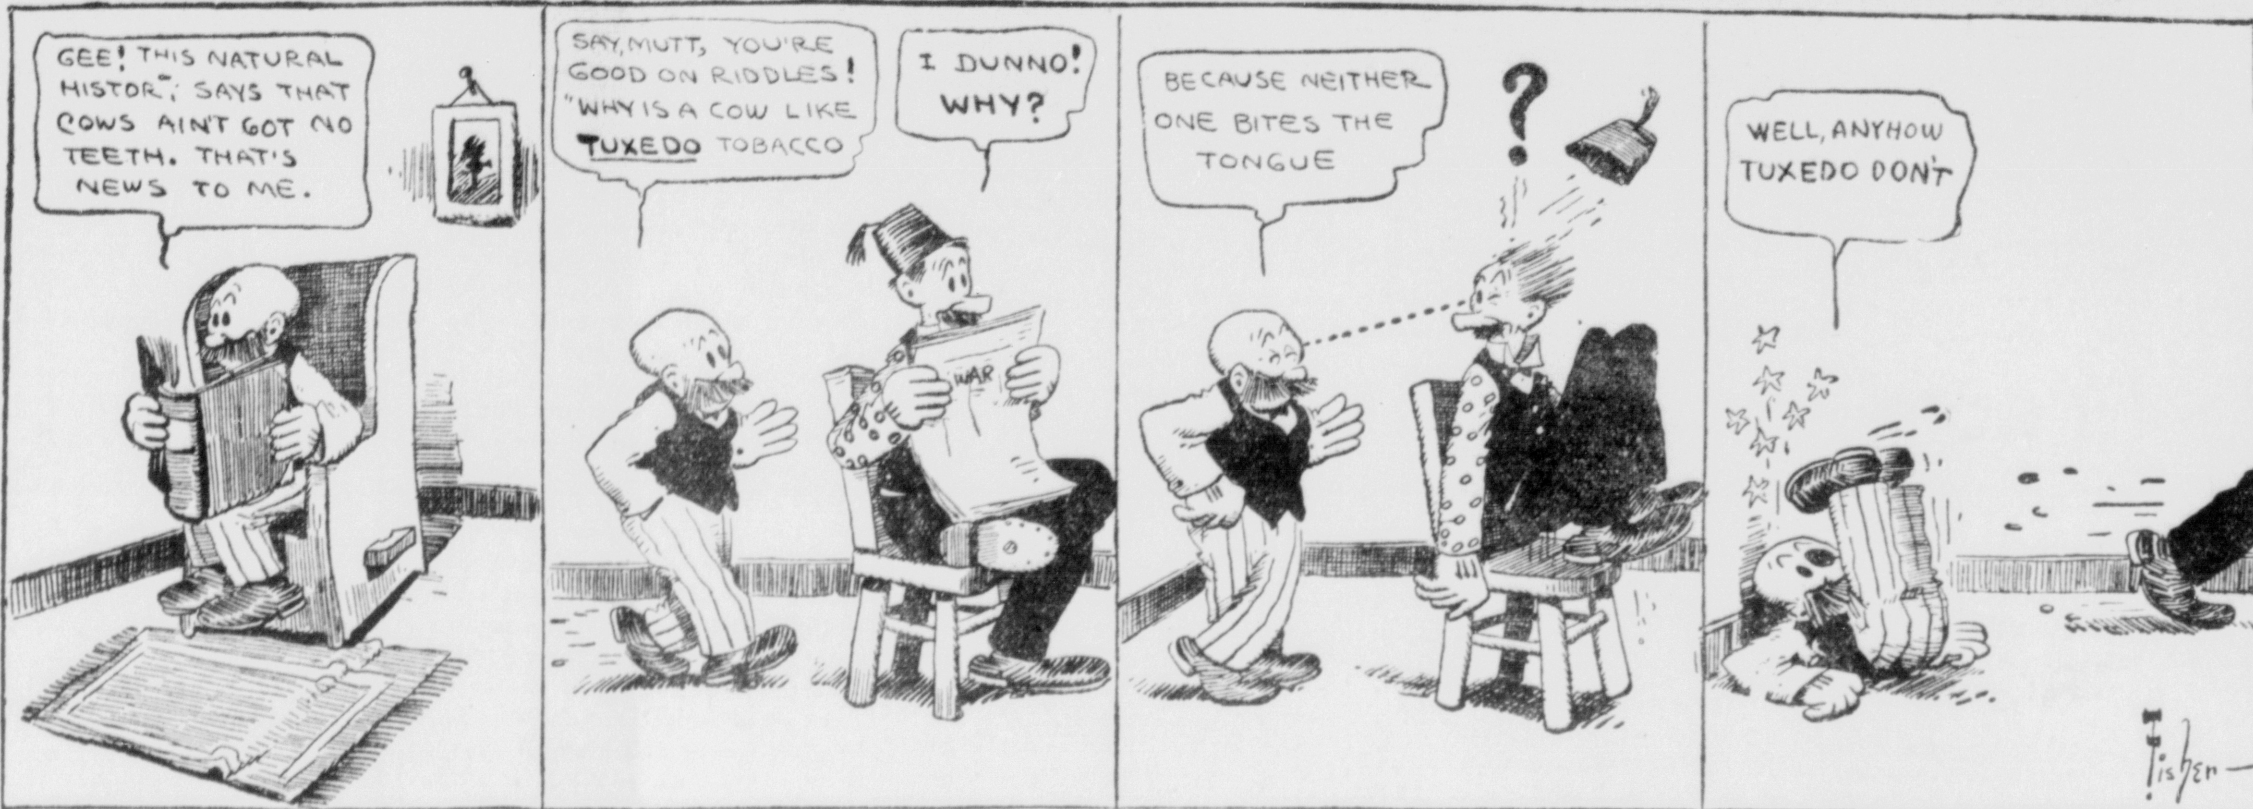

The republic of San Marino, in Northern Italy, fourteen miles southwest of Rimini, is twenty-two square miles in area and has a population of 9,500. The supreme power of the republic resides in the general assembly and it is governed by two regents selected twice a year from her sixty life members of the great council.

The available armed force of the republic forms a total of about 1,200 men, all citizens able to bear arms being technically obliged to do so from the age of sixteen to sixty years. This little state has had an existence of about 1,000 years.

Sisters Die; Uncle Suicide.

Clarksburg, W. Va., March 7.—The two little daughters of Michael Rader were found dead in their home at Clay Creek, Nicholson county. An uncle, John Neal, was missing, and a posse with bloodhounds set out to search for him. His dead body was found in the woods. He had shot himself.

THE AMERICAN TOBACCO COMPANY

GERMAN FLEET PREPARING DASH INTO NORTH SEA

(By United Press)

London, March 7.—Rumors that Prince Henry of Prussia, the Kaiser's brother, has been placed in command of the German fleet for a dash into the North Sea, is revived with the greatest credence. Amsterdam reported seeing 25 German warships cruising in the North Sea yesterday.

GERMANS WILL CAPTURE HILL 265 IS ADMITTED

(By United Press)

Paris, March 7.—It is officially admitted that continuing the bombardment from the northwest the Germans will capture Hill No. 265 near Regnville. The Teutons have advanced under cover of the most intense bombardment.

THIRTEEN ARE KILLED

(By United Press)

London, March 7.—The revised official figures say thirteen were killed in Sunday night's Zeppelin raid. Nothing in the way of military advantage was accomplished.

GERMANS CAPTURE FRESNES

(By United Press)

Berlin, March 7.—The Germans have captured the town of Fresnes, southeast of Verdun, taking 300 prisoners, according to an official telegram.

Inquest Not Held Because Confession

(By United Press)

St. Paul, March 7.—Owing to the confession of Mrs. Dudek of the murder of Rev. Henry Japsky the authorities did not think it necessary to hold an inquest, which was scheduled for today, and it was not held. The woman will be held for a sanity test before a prosecution for the crime is started, and an insanity plea may remove the murderess' case from the courts.

BUT HEAVENS! SHE CAN'T MARRY THEM ALL

Minneapolis, Minn., March 7.—Two thousand male students of the University of Minnesota today were on a still hunt for the girl who has informed the faculty she would wed on \$800 a year. The declaration came following a discussion of the family budget, in Professor Sydney Patchin's class in elementary economics. The majority of answers to a question as to how much a man should earn before asking a college girl to wed being that the minimum should be \$1,200 a year.

Will Quit Politics

(By United Press)

Washington, March 7.—The extent international controversies have disrupted American politics is shown by the announcement that Representative Isaac Sherwood, democrat of Ohio, like Page of North Carolina,

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

will withdraw from politics because he is unable to agree with Wilson.

Ordeal of Rice.

In the east ground rice is used to detect criminals, the idea being that fear makes the roof of the mouth dry and that a criminal overcome by fear consequently finds it almost impossible to swallow any hard substance with ease.
